

Join us **Wednesday, September 6th** | **9 am-5 pm**

**NEBRASKA CENTER
FOR ENERGY SCIENCES RESEARCH**
Hosted by the NCSR

ENTREPRENEURSHIP WORKSHOP

for **STEM RESEARCHERS**

**Nebraska Innovation
Campus Conference Center,**
2nd Floor, Conference Room

A light breakfast and lunch will be provided during the workshop.

Networking Event

Hors d'oeuvres, wine and beer will be provided at the end of the day. You'll get to interact with founders, experts, and service providers from the local entrepreneurship ecosystem.

Space is limited,
so please register early.

**A detailed agenda is posted
on the registration website.**

Are you a STEM researcher eager to turn your groundbreaking research into a thriving startup? UNL invites you to join us for an action-packed day of interactive entrepreneurship training. **Our expert speakers will provide you with the know-how and guidance you need to bring your ideas to life.** Whether you're just starting to consider launching a company or have already taken the plunge, this workshop will equip you with the tools and resources you need to succeed. You'll also have the chance to network with other aspiring entrepreneurs and learn about additional opportunities for further training and development.

Emphasis will be placed on hard tech ideas related to:

- Energy Resilient Infrastructure and storage
- Agriculture and food tech
- Water technologies
- Clean tech and climate tech, including Simulation and Modeling
- Advanced materials
- Smart buildings
- Hydrogen generation and usage

Don't let your research go to waste - register now for the FREE entrepreneurship workshop that could change your future!

Please register by August 25
